

About Us

Catalyst Behavioral Health was founded in 2007 with the goal of providing an array of high quality services to individuals with behavioral and emotional issues. Headquartered in Somerset, KY, the agency has enhanced services to persons residing in the Lake Cumberland region and across the Commonwealth.

Our Vision

Catalyst Behavioral Health will play a vital role in expanding and enhancing services to develop a community of people who make healthy, safe, and empowering decisions that result in living meaningful, well-adjusted existences.

Catalyst Behavioral Health will serve as a safe haven for people with mental health, substance, and emotional disorders, connecting them with needed services through evaluation, planning, and coordination.
